

# PLUG-IN PEOPLE SUPPORT.

No-Fuss Workforce Extension.

## PRESCRIBE TASK FORCE®

With simple implementation, Task Force® is an integrated extension to your administrative team. Ensuring your workload demands are met. Ready when your team needs us most.

This flexible service is readily available with same-day set up and fits into your existing workflow. Providing reliable and secure support when you need it most.

- **Available 24/7, every day of the year**
- **Using medically trained professionals for high quality and accuracy**
- **Remote support tailored to your administrative needs.**

Our dedicated professionals have firsthand medical experience, ensuring reliable and secure assistance aligned with your needs.

Benefit from our medically trained expertise, simple and same day set up all delivered at the right time and in the right way.

**Plug your administrative staffing gaps and support your existing teams.**

**Clear backlogs that might otherwise impact care.**

**Prevent delays in correspondence, reports and other documentation.**

**Support your existing workforce and avoid burnout.**

**Release time: Free up your staff to focus on higher value tasks.**

**Increase Productivity: Get more reports created, in a short time period.**

## HOW IT WORKS:

- **Expert Teams for Your Specialty and Tasks:** Dedicated, medically trained, specialty-specific teams.
- **Seamless System Access:** We securely access your systems, just as your staff do when working from home - e.g. via VPN, Citrix, VMware, HSCN.
- **Mirroring Your Workflow with Precision:** Our teams follow your workflow precisely, in exactly the same way as your "in-house" staff.

## SUCCESS STORIES

### CLINICAL SERVICES SUPPORT MANAGER - NHS TRUST

Challenge: Imagery report backlog clearance and ongoing support

*"I have found Prescribe to be very helpful within our Services. They cleared a 2-month backlog of typing within a couple of weeks which enabled the Secretarial Team to catch up and concentrate on other urgent work. I would not hesitate to recommend Prescribe."*
